

LEARNING
THROUGH PLAY

PLAY, LEARN, DO

You can help your child learn in lots of ways through play at home - all you need is time, attention, patience and a sense of fun!

Playing games with me again and again helps my brain develop.

You are my No. 1 playmate!

touching

I can play with you, with other kids, or by myself! When you play with me, you are helping me learn.

When I play, I develop hand-eye coordination.

Pay attention to what I want to play and join in with me, letting me run the game!

When I play, I develop communication skills.

When I play, I learn social skills like taking turns and joining in.

When I play, I test out different actions and experiences.
